CLEAR COAT ACRYL SPRAY

CAR-REP® CLEAR COAT ACRYL SPRAY is suitable for almost all surfaces such as metal, wood, hard plastic, stone, concrete, glass, vinyl and many other materials. Surface must be clean and dry. Polish the surface with sandpaper if necessary. Remove dust, grease and other contaminants. Protect areas outside the object.

Shake the can for about 3 min. Test painting on small invisible area is recommended. Spray from about 20 -30 cm distance. Spray first a very light thin coat, wait for about 3-5 min. Thereafter spray 3 layers, first horizontal, then vertical and finally horizontal. Wait for about 3-5 min and repeat if necessary. After use, clean the nozzle by turning spray can upside down and spray until only propellant comes out.
