

## TEXTURIZER SPRAY 400 ML

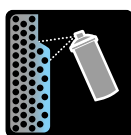

**THEORETICAL  
COVERAGE**

**ROUGH TOUCH  
SURFACE**

**FLEXIBLE**

**STRONG BOND**

Car-Rep Texturizer spray is designed for reconditioning the texture of bumpers and other plastic components on your vehicle, such as door handles, rear-view mirrors, and trim. It recreates a grain similar to the original plastic surface, restoring the factory finish.

This product offers a durable, textured finish that is highly flexible and can be easily overpainted. It adheres exceptionally well to plastic, metal, carbon fiber, and a variety of other materials, making it versatile for various automotive applications.

### INSTRUCTIONS FOR USE:

#### 1. Preparation

- Shake the can thoroughly before use.
- Scuff and clean the surface with degreaser before application
- Always test the spray on a non-visible section of the part to ensure compatibility.

#### 2. Application

- Apply several layers, depending on the desired texture and coverage.
- Vary the distance and speed of the spray to achieve different textures and finishes.
- Ensure uniform coverage by re-texturizing the entire part for a consistent look.

#### 3. Overpainting

- If painting over the texture, test the compatibility of other paint products before full application.
- Allow sufficient drying time between coats and after applying the texture.

For best results, maintain an even application and follow recommended drying times between coats.

**HEAT RESISTANCE:** 90°C

**STORAGE STABILITY:** 36 months

**SIZE:** 400ml

**SALES QTY:**

400ml: 6 pcs
