

METALLIC SPRAY PAINT

THEORETICAL COVERAGE

WIDE SPRAY NOZZLE

QUICK DRYING

NO RUN DOWN SURFACE

Maston Metallic aerosol paint with metallic pigments and a short drying time is an acrylic paint for both indoor and outdoor applications. The paint gives a perfect metallic finish to wood, stone, glass, metal and most plastic surfaces after only one application. Instructions: Prime metal surfaces with Metal primer and plastic surfaces with Plastic primer if necessary. The surface has to be clean, dry and free of any grease, wax or silicone. Shake for at least 2-3 minutes also occasionally during painting. Paint a test patch on invisible area first.

Start spraying outside the object at distance of about 15 cm from surface and move the spray slowly on the object. Spray a thin layer first to improve adhesion. Let dry between layers for 5 minutes. Thereafter apply 2-3 thin cross layers on the surface and let dry. Repeat if necessary. Touch-dry 15 min. Totally dry 24 hours. Clean the nozzle by turning the can upside down and spray until only propellant comes out.

BINDER: Acryl

DEGREE OF GLOSS (DIN 67530 60 °):
gloss 80-100

HEAT RESISTANCE: 120°C

STORAGE STABILITY: 60 months

SIZE: 400ml , 150ml

SALES QTY:

400ml: 6 pcs

150ml: 6 pcs , 0 pcs

RECOAT:

always, 5 minutes in between layers
