

CHALKBOARD SPRAY

THEORETICAL COVERAGE

WIDE SPRAY NOZZLE

QUICK DRYING

NO RUN DOWN SURFACE

MASTON CHALKBOARD SPRAY is a super matt paint to create your own chalkboard at home. CHALKBOARD Spray can be used on wood, metal or smooth plaster. When the paint is dry, the chalkboard can be written on with chalk and wiped off with water. The nozzle (red spot) can be adjusted in horizontal or vertical spraying position. Test the suitability on plastic surfaces by spraying a small test batch on an invisible spot. Some plastics, such as polycarbonates or acrylics might react with the solvents of the product. Paint at least two layers and let dry in between of the layers until matt.

MATERIAL
