

CARPET STOP SPRAY

CARPET STOP® stops your carpets, rugs, table cloths, runners and fabrics from moving, slipping and sliding. Carpet stop® makes vacuum cleaning of your rugs and carpets easier and hassle free. Carpet stop® holds firm to any hard floor or furniture surface, such as parquet, laminate, tile, oiled, painted or lacquered wood, concrete, plastic etc. Carpet stop® is ideal for use in all households, especially for families with small children, elderly and pets.

Carpet stop® is simple, easy and fast to apply. The unique upside-down nozzle makes it possible to spray from a distance of 10cm and prevents over spray efficiently. Carpet stop® does not contain artificial softening agents or silicones which might damage the surface. Carpet stop® increases the lifecycle of your flooring by preventing scratching and gravelling through obstacles underneath the carpet. Carpet stop® should not be used for rugs laid on soft materials such as fitted carpets
