

1-WHEEL MARKING ROD

A handy aid for marking at ground level. This product is suitable for both Maston NEON marking and LINEMARK Traffic spray paints.

Instructions for use: *1. Initial step:* prepare the aerosol for spraying: shake and open (NEON) or remove (LINE MARK Traffic) cap.

2. Press the arrow to move the guide back.

3. Put the bottom of aerosol between the rib and the back top.

4. Press the arrow to move the guide forwards and position the spray nozzle correctly in contact with the orange spray piece.

5. Press the spray trigger.

6. To remove the aerosol, press the arrow and move the guide back. Remember to clean the nozzle after use!
