

1-WHEEL MARKING ROD

A handy aid for marking at ground level. This product is suitable for both Maston NEON marking and LINEMARK Traffic spray paints. *Instructions for use:* *1. Initial step:* prepare the aerosol for spraying: shake and open (NEON) or remove (LINE MARK Traffic) cap. *2.* Press the arrow to move the guide back. *3.* Put the bottom of aerosol between the rib and the back top. *4.* Press the arrow to move the guide forwards and position the spray nozzle correctly in contact with the orange spray piece. *5.* Press the spray trigger. *6.* To remove the aerosol, press the arrow and move the guide back. Remember to clean the nozzle after use!
