

PRIMER 2K EPOXY GREY 720ML

THEORETICAL COVERAGE

VERY HARD SURFACE

GLOSSY FINISH SURFACE

WEATHER-PROOF

Maston 2K Epoxy Primer Grey is specifically engineered for heavy and demanding users requiring top-tier performance. It provides exceptional adhesion and protection for steel surfaces, including acid-resistant steel, zinc, and aluminum. This robust 2-component primer forms a highly resilient barrier, capable of withstanding intense wear, oil, grease, solvents, and harsh chemicals. Designed to deliver unmatched durability, it ensures your projects have a strong foundation, making it the ultimate choice for users who demand unparalleled resistance against corrosion. The Epoxy Primer needs to be used with Maston 2K Epoxy Primer hardener

APPLICATION TIME : Must be used within 2 hours when hardener is mixed in.

APPLICATION: The surface must be sanded or roughened and cleaned well. Use a degreaser for cleaning. Paint 2 layers maximum. The temperature of the object to be painted and the air must be above 10 °C. Mix the paint thoroughly. Use thinner if necessary (with Maston EPX thinner). When painting with a spray gun, the nozzle recommendation is 0.013 - 0.019". A roller or brush can also be used for small objects. Color: Grey

DEGREE OF GLOSS (DIN 67530 60 °):

Semi-gloss 40-60 gloss units

HEAT RESISTANCE: 150°C

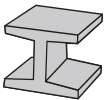

STORAGE STABILITY: 36 months

SIZE: 720ml

SALES QTY:

720ml: 2 pcs
