

H2O! WATER-BASED PRIMER

THEORETICAL COVERAGE

NO SMELL

EASY TO CLEAN

NO RUN DOWN SURFACE

Maston H2O! PRIMER - an especially quick-drying water-soluble primer for both indoor and outdoor applications. Well suited for both timber and metal surfaces. For optimum results: observe the following instructions to obtain a resilient hard-wearing surface. Clean the surface to be treated of any grease and dirt. Polish/sand uneven surfaces before treatment and remove any resulting dust carefully. Mix the paint properly before use! Test the suitability of the paint on a surface treated earlier. Upon painting metal in outdoor conditions, use Maston H2O as a primer! The paint could be applied using a brush, roller or spray. Dilution and tool cleaning: Water (lukewarm). Required painting and drying temperature over +15°C and relative humidity below 80%. Drying time (+20°C): treatably dry in 1 h. Coverage: 7-8 m²/l. NB! The colour of the label is the approximate paint colour.

The product must not freeze.

BINDER: Waterbased

STORAGE STABILITY: 36 months

SIZE: 1l, 250ml, 10l
