COVERAGE**

QUICK DRYING

**WEATHER-
PROOF**

Maston adhesive spray is a quick-drying glue for sticking light materials. Suitable for gluing paper, cardboard, fabric, felt, rubber, fibreglass, cellular plastic and most plastics. It adheres to almost any smooth and rough surface. Not suitable for vinyl plastic or vinyl surfaces. Does not absorb to the surface, practically colourless. Water-tight.

Instructions: Shake bottle for 1 min. before use, and occasionally during use. Glue and glued products should be at room temperature (+16°C - +32°C). Spray from a distance of 20 cm. Allow always adhesive to dry until tacky. Temporary attachment: Spray only one coat on one of the surfaces and connect together. Permanent attachment: Spray one coat to both surfaces and connect together. Clean the nozzle after use, turn the bottle upside down and press the nozzle until only propellant comes out.

HEAT RESISTANCE: 120°C

STORAGE STABILITY: 60 months

SIZE: 150ml , 500ml
