

SPRAY HOLLOW SECTION 500ML

RUST STOP

FLEXIBLE

HIGH FILLING POWER

SOUND ABSORBING

MASTON HOLLOW SECTION is a waxy protection agent for your car's door and skirting panels. Also suitable as a protector during storage of machines and metal parts. Penetrates into the smallest gaps, removing moisture and protecting against rust.

How to do it: Cover all surfaces that do not require treatment. Shake the container for approx. 3 minutes before use. Spray several thin layers, letting the paste dry in between sprayings. This will give an even and protective result. Shake the container during the process to keep the paste liquid and spreadable.

HARDNESS

STORAGE STABILITY: 60 months

SIZE: 500ml

SALES QTY:
500ml: 6 pcs
