

FIBERGLASS REPAIR KIT

Maston Fiberglass Repair Kit

The Maston Fiberglass Repair Kit is a convenient solution for patching small holes in boats, cars, or household surfaces. The package contains everything needed for the repair: polyester resin, hardener, and a fiberglass mat. It also includes comprehensive instructions. Suitable for various materials, the kit offers:

- Excellent adhesion to metal
- A strong yet flexible finish
- Minimal shrinkage
- Good sanding properties

Instructions for Use:

1. Cut a piece of fiberglass mat approximately 2 cm larger than the damaged area.
2. Thoroughly mix the resin with 4% hardener and apply it to a clean surface using a brush.
3. Place the fiberglass mat onto the surface, press it down firmly, and saturate it with resin. Multiple layers can be applied if needed.
4. Wait approximately 40 minutes, then sand or smooth the laminated surface with polyester filler.

The minimum working temperature is 10°C. Store the product in a tightly sealed container, in a cool place, away from direct sunlight.

The Laminated Surface Can Be Treated With:

- 2K Polyester Filler
- 2K Polyester Spray Filler
- 2K Epoxy Filler
- 2K Acrylic and Epoxy Fillers

Safety Precautions:

When working with 2K products, it is recommended to use protective equipment:

- Wear safety goggles, gloves, and a respirator.
- Ensure good ventilation in the working area.
- Clean tools immediately after use.
- Always follow the manufacturer's safety instructions.

Additional Information:

- Sales unit: 16 pcs
- Storage: Store at 15–25°C in a sealed container, in a dry and cool place, away from heat sources and direct sunlight.
- Shelf life: 12 months from the manufacturing date
- Color: Greenish
- Gloss level: Semi-gloss

Fiberglass mat size: 0.24 m² (40x60 cm)

SIZE: 250g

SALES QTY:
250g: 16 pcs
