WATER BASED

WATER-BASED STAINING VARNISH is a water-based transparent and ready-to-use staining varnish and comes in several different colors.

The varnish is well suited for protecting untreated surfaces and restoration of any interior wood surfaces. The varnish is odourless, fast-drying and offers excellent coverage. Pleasant to use for interior applications, the treated surface feels silky smooth with a semi-gloss satin finish and is resistant to fading.

If you can't find the right colour from our wide selection, you can mix your own giving you an endless assortment. Our staining varnish is especially suited for treating wood panels, and boards, doors and furniture. It is also a safe choice for kids' rooms and toys. Fulfills the standards DIN 68861-1C and EN71-3.

BINDER: Waterbased
