Maston Waterbased Staining Varnish is a transparent and ready-to-use staining varnish for protecting untreated and previously treated surfaces. FOR INDOOR USE ONLY. Gel.

Instructions:
Before use: Sand the surface with abrasive paper. Clean the surface from dust, oil, grease and other impurities.

Working: Before use, stir the lacquer carefully. Apply a thin layer in parallel-to-grain direction. Untreated, as well as, previously treated surfaces must be varnished 2 times if necessary. After first treatment, let the surface dry totally and sand with abrasive paper No. 240. Remove any dust and perform a retreatment. Lowest working temperature: +8°. To improve durability, we recommend Maston H2O water-based lacquer.

Dilution and tool cleaning: water (dilute with ca. 5% water if necessary)

Drying time: (+20°C) dust dry ca. 20 min, touch dry ca. 2 hours, total dry ca. 24 hours.

Coverage: ca. 12m2/l.

Protect from freezing.
